When a generic is available, but the pharmacy dispenses the brand-name medication for any reason, you will pay the difference between the brand-name medication and the generic plus the brand copayment.			

*A long-term medication is taken regularly for chronic conditions or long-term therapy. A few examples include medications for managing high blood pressure, asthma, diabetes, or high cholesterol.

**Copayment, copay or coinsurance means the amount a plan member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

Under the SkyCare EPO Plan, once the out-of-pocket of \$2,000 (single)/\$4,000 (family) is reached, a \$0 co-payment will apply.

Under the MedFlex EPO Plan, once the out-of-pocket of \$2,500 (single)/\$5,000 (family) is reached, a \$0 co-payment will apply.

Under the MM0/PPO Plan, once the out-of-pocket of \$3,250 (single)/\$6,500 (family) is reached, a \$0 co-payment will apply.

Under the MM0 PPO/HSA Plan, prescriptions for drugs that are considered preventive medications (see Preventive Drug List at www.dioceseofcleveland.org) have the same co-payments shown above for the SuperMed PPO Plan. You pay the full cost of prescriptions that are not considered preventive until the annual deductible has been met. After the annual combined medical and prescription drug deductible of \$3,000 per person and \$6,000 per family has been met, any prescription drugs will have the normal prescription co-payments apply until the out-of-pocket maximum is met, then paid at 100%. The maximum combined in-network medical and prescription drug out-of-pocket expense you will pay in a calendar year under this plan is \$4,000 for single coverage and \$8,000 for family coverage.

Some drugs are formulary exclusions that are subject to prior approval. If not approved, you will be required to pay the full amount. Call CVS Caremark Customer Care at 844-431-4882 to see if a drug is covered.
