

Catholic Diocese of Cleveland Drug List

The **Catholic Diocese of Cleveland Drug List** is a guide within select therapeutic categories for clients, plan members and health care providers. **Generics should be considered the first line of prescribing.** If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*.

PLAN MEMBER

Your benefit plan provides you with prescription drug coverage that is administered by CVS Caremark®. Ask your doctor to consider prescribing, when medically appropriate, a preferred medicine from this list. Take this list the next time you or a covered family member sees a doctor.

Please note:

- Your specific prescription benefit plan design may not cover certain medications, products or categories, regardless of their appearance in this document. Medications and products recently approved by the U.S. Food and Drug Administration (FDA) may not be covered upon release to the market.
- Your prescription benefit plan design may alter coverage of certain products or vary copay¹ amounts based on the condition being treated.
- For specific information regarding your prescription benefit coverage and copay, please sign in or register on [Caremark.com](https://www.caremark.com) and click Plan Summary on the Plan & Benefits menu.
- When a generic medication that is equivalent to a brand-name drug is released to the market, in most instances, that brand-name drug will be designated as a non-preferred option.

HEALTH CARE PROVIDER

Your patient is covered under a prescription benefit plan administered by CVS Caremark. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a brand name on this list.

Please note:

- Generics should be considered the first line of prescribing.
- This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. The member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the FDA may not be covered upon release to the market.
- The member's prescription benefit plan may have a different copay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Log in to [Caremark.com](https://www.caremark.com) to check coverage and copay information for a specific medicine.

FOR YOUR INFORMATION: Generics should be considered the first line of prescribing. This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. New-to-market products and new variations of products already in the marketplace will not be added to the formulary immediately. Each product will be evaluated for clinical appropriateness and cost-effectiveness. Recommended additions to the formulary will be presented to the CVS Caremark National Pharmacy and Therapeutics Committee (or other appropriate reviewing body) for review and approval. In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. The member's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*. Generics listed in therapeutic categories are for representational purposes only. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to [Caremark.com](https://www.caremark.com) to check coverage and copay information for a specific medicine.

An exception process may exist for specific clinical or regulatory circumstances that may require coverage of an excluded medication.

§ Generics are available in this class and should be considered the first line of prescribing.

* Drug products are identified by unique numerical product identifiers, called National Drug Codes (NDC), which identify the manufacturer, strength, dosage form, formulation and package size.

** Listing does not include certain NDCs*.

† The preferred options in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

¹ Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

² An ACCU-CHEK or ONETOUCH blood glucose meter may be provided at no charge by the manufacturer to those individuals currently using a meter other than ACCU-CHEK or ONETOUCH. For more information on how to obtain a blood glucose meter, call: 1-877-418-4746.

³ Generic multivitamins (except *Activite*, *Dexifol*, *Folvite-D*, *Genicin Vita-S*, *HylaVite*, *Multipro*, *TronVite*, *Vitasure*) are the only preferred options.

⁴ BD ULTRAFINE syringes and needles are the only preferred options.

⁵ ACCU-CHEK or ONETOUCH brand test strips are the only preferred options.

⁶ Generic prenatal vitamins are the only preferred options.

⁷ Long Acting Insulins - First Generation.

⁸ QVAR REDIHALER covered for members 5 years of age and under.
